All Cars. One Repair Stop.

Brand promise in five words

E S S E N C E

Trusted.
One-stop.

Confidence, clarity, convenience

Where we're going. How we get there. What we commit to.

Vision. Mission. Promise.

01

Where we're going

To become the most trusted multi-brand auto repair and collision centre in Delhi NCR — the place customers recommend without hesitation.

02

How we get there

Skilled technicians, structured processes, honest estimates, and a customer experience that feels calm instead of chaotic — every single job.

03

What we commit to

One integrated repair experience. From the first dent to final delivery, handled end-to-end with transparent communication and dependable workmanship.

If ACR were a person — here's how they'd show up.

Personality.

Calm hands.

Clear words.

Straight answers.

That's ACR in three lines. When in doubt, write, speak, and act to this standard.

Keep the logo framed. Never print it below legibility.

Space & size.

CLEAR SPACE

Give the logo breathing room equal to the height of the 'A' in ACR, on all four sides.

MINIMUM SIZE

Below these sizes, switch to the monogram. Legibility comes first.

VOICE

How ACR sounds.

Clear. Expert. Calm. Helpful. The way ACR writes is the way an ACR advisor would speak to a customer standing in the reception.

Every line of ACR writing passes the advisor-in-reception test.

Write this way.

SAY THIS

Repairs you can trust. Updates you can see.

Multi-brand capability under one roof.

Honest estimate. Fixed delivery window.

We handle the insurance paperwork.

AVOID THIS

~~*Guaranteed same-day delivery!!*~~

~~*Super duper service at shockingly low price.*~~

~~*Cheapest rates in town — don't miss out!*~~

~~*Jargon-heavy workarounds that confuse customers.*~~

One master line. Four pillars. Every piece of writing should ladder up.

Messaging.

MASTER LINE

04

Workmanship

Skilled hands. Disciplined process.

06

S O C I A L M E D I A

Every feed, on-brand.

Six platforms. One consistent voice and look. Customers see ACR in Instagram reels, LinkedIn updates, and YouTube previews — they should see the same workshop every time.

The four principles every post must pass.

Social overview.

0 1

One voice

Calm, expert, helpful. Never loud, never salesy. Same advisor-in-reception tone across every caption and comment.

0 2

One palette

Navy and white anchor the feed. Orange appears only as accent — CTA buttons, offer chips, hero word highlights.

0 3

One CTA per post

Pick one — 'Book now', 'Get estimate', 'WhatsApp us'. Two CTAs dilute the signal; three look desperate.

0 4

Four content pillars

Before/after repairs · Workshop moments · Customer stories · Service education. Every post fits one bucket.

YouTube.

THUMBNAIL · 1280 × 720 PX

Massive hero type left. Real workshop image right. ACR logo small bottom-right. Never use stock clip art or all-caps screaming copy.

CHANNEL BANNER · 2048 × 1152 PX

Safe zone 1546 × 423 — keep logo and tagline inside this area so they show on TV, desktop, and mobile.

A T L

Above the line.

Mass-media surfaces — billboards, outdoor, print, TV, radio. Clean hero. One CTA. Phone and URL only. Never clutter.

The four rules every ATL piece must follow.

ATL principles.

0 1

Hero only

One headline. Maximum eight words. Drivers read at 60 km/h — give them one idea, not three.

0 2

One CTA

Phone number OR URL — never both shouting. Pick the one that converts for that surface.

0 3

Logo + locator

ACR lockup plus 'Delhi NCR · 4 locations'. That is the entire signature block.

0 4

No discounts in print

ATL builds the brand. Promotional pricing belongs in BTL and digital — never on a billboard.

Outdoor — read in two seconds at 60 km/h.

Billboard / OOH.

BILLBOARD / HOARDING • 6 : 1 RATIO

Navy bleed. Hero copy left. ACR logo right. Vertical orange rule splits the two halves. Phone or URL in the very bottom-right at 4% of canvas height.

BUS SHELTER / METRO PANEL • VERTICAL 1 : 2

Tagline as hero. Logo bottom. Locator in micro-type below. Reads in 3 seconds from across a platform.

Newspaper, magazine, trade press.

Voice & spot rules

- 10, 20, or 30-second spots — never longer.
- Open with a customer pain point. Resolve with ACR.
- Sign-off is always: 'ACR. All Cars. One Repair Stop.'
- Voice: warm, calm, slightly low register. Never shouty.
- End with phone number repeated twice — never URL.

**B T L**

Below the line.

Point-of-contact materials — fascia, brochures, standees, vehicle wraps, uniform. Craft. Durability. Contact info always visible.

B T L is the brand at touching distance.

BTL principles.

0 1

Craft over flash

BTL is read up close. Material quality, print fidelity, and build precision matter more than visual fireworks.

0 2

Durability first

Outdoor signage in laminated PVC. Vehicle wraps in cast vinyl. Brochures on 250 gsm matte. Uniform in workshop-grade twill.

0 3

Contact always visible

Phone, URL, and location on every BTL surface a customer can touch. They will use what is in front of them.

0 4

Locator system

Each location adds a small sub-line — 'Motinagar', 'Gurugram', 'Noida', 'Okhla' — under the master lockup. Never inside it.

Workshop fascia — the largest brand surface customers see.

Fascia signage.

PRIMARY FASCIA • HEIGHT = 1/6 OF BUILDING FACE

Navy panel, white-out logo centred and locked at 50% panel width. Orange rule at the bottom edge — 25 mm thick, full width. Never use a plain border.

LOCATION STRIP • GOES DIRECTLY UNDER FASCIA

ACR Blue band. Location name + service identity in caps. Orange tab at left. Never repeat the ACR logo here.

A 4 brochures, tri-folds, A 5 flyers.

Brochures & flyers.

A 4 BROCHURE · COVER + INTERIOR SPREAD

Cover: full navy with logo and headline. Interior: white pages with two columns of services and proof points. 250 gsm matte stock.

TRI-FOLD FLYER · A 4 FOLDED TO DL

Three-panel structure: details · pricing · contact. Last panel always navy with logo and URL.

Reception, waiting area, service drive.

POS & standees.

ROLLER STANDEE • 6 FT × 2 FT • VINYL ON RETRACTABLE BASE

Reception or service-drive. Hero question at eye-level. CTA chip at hand-level. URL at base. Reads from 4 metres.

COUNTER & TABLE-TOP

Smaller POS rules

- A5 tent cards: white background, navy lockup top, single offer or service callout.
- Counter top mats: navy with monogram repeated as a 30% subtle pattern.
- Receipt holders: black acrylic, etched ACR monogram only at this scale.

Pickup vans, technician uniform, courtesy cars.

Vehicles & uniform.

PICKUP VAN SIDE WRAP

Navy panel covers central 70% of side. Logo centred. Service line + phone in orange caps below. Vehicle body colour stays as supplied.

Polo / workshop shirt
Chest logo 60 mm wide. Navy fabric.

PARTNERSHIPS

Co-brand with discipline.

When ACR appears next to another brand — insurer, OEM, fleet operator, supplier — these rules protect both logos and ensure the relationship reads cleanly.

How ACR sits beside a partner brand.

Co-brand lockup.

HORIZONTAL CO-BRAND LOCKUP

ACR logo left. Vertical hairline divider centred. Partner logo right at equal optical height. Partner cap-height matches ACR cap-height — measured at the 'A'.

STACKED VARIANT — FOR NARROW SURFACES

Every co-brand asset gets approved before it ships.

Approval workflow.

01

Partner submits brief

Partner's marketing team sends asset specs, partner logo files, and intended placement to brand@autocarrepair.in.

02

ACR reviews co-brand

ACR brand lead checks the partner brand's manual for any conflicts, then drafts a compliant lockup using the rules in this chapter.

03

Joint sign-off

Both teams approve the lockup in writing. Final files are stored in the ACR brand archive, version-numbered, and shared with the partner.

04

Deployment

Approved lockup goes live. Any future modification — new colour, new placement, new size — restarts the approval flow from step 01.
